

FRANCE-BIOIMAGING

# PRECLINICAL MICROSCOPY MEETING

*Advancing multimodal  
microscopy of thick  
samples for preclinical  
studies*

## IMAGING TECHNOLOGIES

Correlative microscopy, thick tissue or organoid microscopy, light sheet microscopy, intravital imaging and label free imaging

## IMAGE ANALYSIS

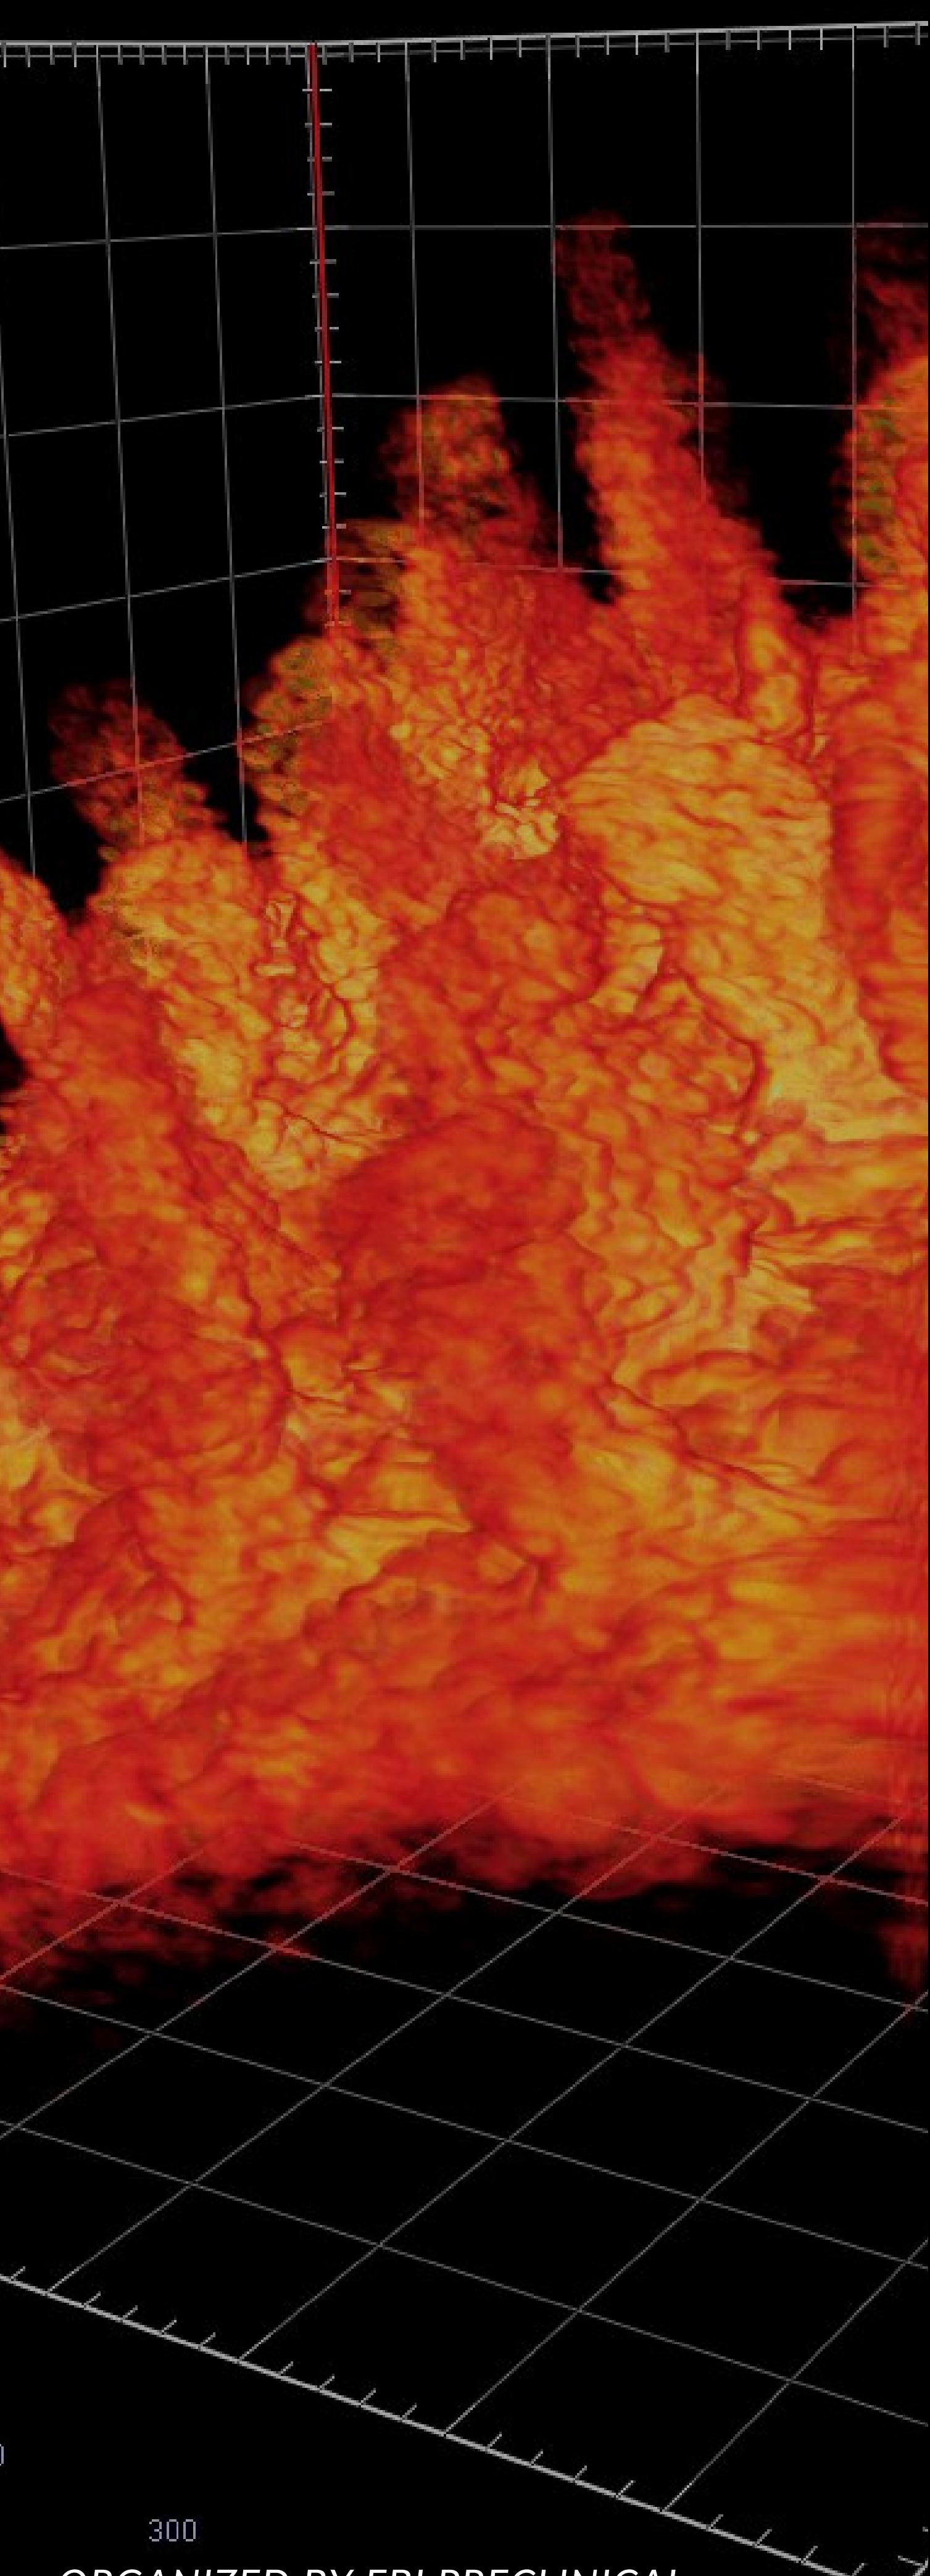

Whole slide, correlative and 3D analysis

## REGULATORY FRAMEWORKS

Animal testing ethics and best practices in preclinical development

**DECEMBER 12TH, 2022  
NANTES**

**INFO & REGISTRATION:  
[WWW.FRANCE-BIOIMAGING.ORG](http://WWW.FRANCE-BIOIMAGING.ORG)**

ORGANIZED BY FBI PRECLINICAL  
MICROSCOPY WORKING GROUP
