

Holotomography Hands-on Demo

High Resolution 3D Label-Free Imaging at the Institut Gustave Roussy

November 17 - 19, 2025

Tomocube HT-X1™ Plus Holotomography

- Label-free live cell imaging
- Speckle-free 3D visualization
- Long-term observation
- Correlative confocal fluorescence
- Commercial vessel compatibility
- Environmental control
- Auto-calibration
- Quantitative measurement

HT-X1 Plus with X-Light V2

Life cell imaging reimagined
No stains, no labels, only truth in 3D
