**THE FRENCH NATIONAL
RESEARCH INFRASTRUCTURE
FOR BIOLOGICAL IMAGING**

Innovation - Training - Access

HOW TO ACCESS?

We offer a waiver to external users for the costs of instrument access at FBI facilities.

SUBMIT YOUR PROPOSAL

on Euro-Biolmaging website:
www.eurobioimaging.eu

SCIENTIFIC & TECHNICAL VALIDATION

WELCOME TO OUR FACILITIES!

MANY FUNDING OPPORTUNITIES!

France-Biolmaging is an access provider for biological imaging in several **Horizon Europe** projects.

France-Biolmaging is the French node of Euro-Biolmaging!

> BIOIMAGE INFORMATICS

- Software platforms
- Very large data management & mining
- AIIA & data visualization

> HIGH-END TECHNOLOGIES

- Super Resolution microscopy
- 3D tomography correlative microscopy
- Microscopy for preclinical research
- In vivo in toto 3D+t imaging
- Non-linear contrasts
- Multimodal Imaging
- New contrasts
- Functional super-resolution
- High-throughput microscopies
- 3D CLEM
- High Content Screening
- Preclinical imaging
- Optogenetics & Biosensors
- Quantitative microscopy
- Cryo-electron microscopy
- Organoid imaging
- Molecular & nanoparticulate probes
- Tomographic diffractive microscopy
- Cytometry
- Bioimage informatics
- Data management
